

Inserting the Batteries

1

Locate the PUSH button and open the battery box.

2

Insert four AA batteries according to the correct polarity.

3

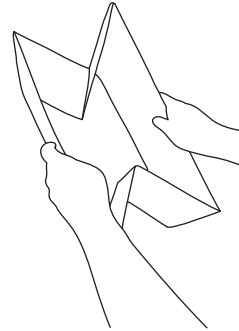

Close the battery door, ensuring it is secured tightly.

Press the button on top of the battery box, to illuminate the organizer. Press the button again to turn off.

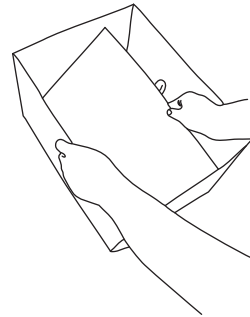

Installing the Basket Panel

1

Unfold and expand the closet organizer basket.

2

Insert the bottom reinforcement panel, with material side visible.
