Made with SWAROVSKI ZIRCONIA

Our Gemini Collection is made from Solid Sterling Silver and studded with fabulous SWAROVSKI ZIRCONIA.

All Spheres are available in a range of colours to suit your style which you can mix, match and personalise.

All our Spheres are available in both 15mm and 20mm sizes.

They can be finished in a luxurious polished finish or our matte style finish and can be fitted with any of our SWAROVSKI ZIRCONIA.

COLLECTION

made with
SWAROVSKI ZIRCONIA

Our range also includes a full 'Plain' solid sphere and an unset full sphere with 'Holes' throughout the design. Each of these spheres can be paired with a half sphere set with SWAROVSKI ZIRCONIA to create a unique look.

Each sphere can be mix and matched simply by unscrewing them and fitting a different half in another colour or an alternative metal finish for a truly individual look.

We offer a range of complimentary necklaces and bracelets. From rubber chains and bracelets to both longer and shorter Snake chains, Spiga chains and Bangles.

1 Multiple colours of SWAROVSKI ZIRCONIA available

2 Swap and Change to suit your style or mood

3 Precision made from Sterling Silver here in the UK.

4 Choose from a range of necklaces or bracelets to wear with the Spheres.

The "Made with SWAROVSKI ZIRCONIA" label marks pieces embellished with SWAROVSKI ZIRCONIA."

All our pendants are
made with SWAROVSKI ZIRCONIA

The use of the special "Made with SWAROVSKI ZIRCONIA" tag
is a strong identification for the products of
Swarovski partners, enhancing their value and providing assurance
that you are buying only the finest Zirconia quality.

The PROOF of QUALITY

Every single Pure Brilliance Zirconia is marked with a
specific microscopic "SWAROVSKI ZIRCONIA" laser engraving.
This serves as your assurance that you are acquiring stones of
highest precision and brilliance meeting the cutting standards
of the high-quality diamond industry.

UNIQUENESS and its ORIGIN

Swarovski offers a unique Zirconia selection.
Each stone is crafted to meet the most stringent criteria of
quality, size, shape and cut using the most
sophisticated technology based on Swarovski's special
cutting know-how.

The result: a brilliance and quality unrivalled in the industry

SWAROVSKI ZIRCONIA are cut and polished in Swarovski's
own factories maintaining strictest social and
environmental standards.
